ROSÉ WINE COTEAUX VAROIS EN PROVENCE

DOMAINE DES MONTICOLES BIO

VARIETALS

Grenache - 75%; Rolle - 20%; Syrah - 5%

FLAVORS

Domaine des Monticoles BIO rosé wine has a pale pink color, slightly fuchsia. The nose is frank with citrus notes. Supple and round attack with aromas of red fruits. Very attractive on the palate, fine and silky. A nice freshness thanks to a well-controlled acidity.

ALLIANCE FOOD - WINE

The rosé wine is the perfect accompaniment for fish dishes, as well as grilled meats, and many other types of Provençal style dishes. It is also appreciated as an aperitif. Best to be served at a temperature of 8° to 10°C.

WINE PREPARATION

The rosé wine originates from a vineyard located on south side of Saint Maximin, near the Massif of Sainte Baume. The domaine is situated behind a hill which shelters the vineyard from the wind. The weather in the area is quite rough, and characterised by relatively harsh winters. The soils are calcareous clay. The wine Domaine des Monticoles is produced through the practice of organic farming. Grape varieties used in its elaboration are grown without the use of either fertilizers or chemicals. This wine is the subject of certification and inspection by an organization approved by the Ministry of Agriculture (ECOCERT).
