Pallet of 100 cases of 6 bottles  
Bottle Barcode: 3334861002345

#### PREPARATION AND PRESENTATION OF WINE

Rosé wine DOMAINE DE LA COLOMBE is the result of traditional blend of AOP Coteaux Varois: Grenache and Cinsault, complemented by a touch of Cabernet Sauvignon. Located in the commune of Saint-Maximin-la-Sainte-Baume, the area covers approximately 30 hectares. The altitude of the vineyards varies somewhere between 360 and 420 meters above sea level. The soil is largely clay and limestone in the valleys. Most areas under cultivation are composed of bauxite, sand and marble especially in those areas adjacent to Sainte Victoire. DOMAINE DE LA COLOMBE is a part of AOP Coteaux Varois en Provence wines, the newest of the Provence appellation. The appellation region counts 28 dynamic municipalities situated in the heart of the Var valley around Brignoles. The wines from this region have quite attractive dark rose color, and are mainly produced by bleeding process of the grapes.
